Be Ready "Before The Moment"

Digital Holster 20 V2.0

Product Description:

The Digital Holster V2.0 series is a direct result of the input the Think Tank Design Team receives from photographers who use Think Tank bags. By popular request, new features have been added to make the Digital Holster series even more versatile than before. The clean lines and minimal outward appearance still carries over from the original version. As does the innovative "Pop Down" feature which allows a photographer to keep their lens hood in position or just carry a longer telephoto lens. All features are consistent with each model in the Digital Holster V2.0 series. Check out all five Digital Holster V2.0 sizes to properly select one for a particular camera size and lens focal length.

Features New to V2.0

- Resized larger to fit most tripod plates and L-brackets while attached to camera
- Inner rain cover storage pocket removed; rain cover now stored in outer pocket
- Stretchable pocket added to the front for convenience
- Side attachment system created for connecting Modular/Skin components to holster
- Smoother fabric on belt attachment for less friction while rotating the holster on a belt

Key Features:

- Extending "Pop Down" feature allows the lens hood to be kept in shooting position
- Removable soft divider included to protect camera LCD screen from the camera's strap
- Non-slip shoulder strap and seam-sealed rain cover included
- Designed to be form fitting to a regular size DSLR with a zoom lens attached
- The extended Pop Down can alternatively fit a 70-200 f2.8 attached to the camera
- "Rotate or Lock" attachment on back for connection to any Think Tank belt or belt pack
- Holster lid opens away from the body for convenience
- Clear business card window for identification and top
- Clear accessory pocket underneath lid for holding spare memory cards, lens caps, etc.

Be Ready "Before The Moment"™

The Digital Holster 20 V2.0, shown with Pop Down extended, can fit a regular size DSLR with a standard zoom lens attached and lens hood in position. It can also fit a regular size DSLR and a 70-200 f2.8 with the lens hood reversed when the Pop Down is extended.

A new feature on V2.0 is the stretchable front pocket that can carry small accessories such as a lens cap, small note pad, and a pen.

The side attachment straps are used to connect Think Tank Modular or Skin components directly to the holster. A Lightning Fast flash case is pictured above.

Each Digital Holster V2.0 attaches to any Think Tank belt or belt pack with Modular rail. The "Rotate or Lock" attachment point for the belt is built into the back of the holster. A non-slip, adjustable shoulder strap is also included.

NEW FEATURES FOR DIGITAL HOLSTERS V2.0 SERIES

- Resized larger to fit most tripod plates and L-brackets while attached to camera
- Inner rain cover storage pocket removed; raincover now stored in outer pocket
- Stretchable pocket added to the front for convenience
- Side attachment system created for connecting Modular/Skin components to holster
- Lower front zippered pocket on Digital Holster 30 V2.0 and Digital Holster 50 V2.0

1 Digital Holster 10 V2.0:

Fits a small, regular size DSLR with a standard zoom lens attached, such as a Canon EOS Digital Rebel with an 18-135mm f3.5-5.6 IS or Nikon D5000 with a 24-120mm f3.5-5.6 VR.

Specifications:

- Part Number: 861
- ID: 6.3" W x 6-8.3" H x 4" D (16 x 15.2-21.1 x 10.2 cm)
- ED: 6.8" W x 7.3-10.3" H x 5" D (17.3 x 18.5-26.2 x 12.7 cm)
- WEIGHT: 0.9 lb (0.4 kg)

2 Digital Holster 20 V2.0:

Fits a regular size DSLR with zoom lens attached, such as a Canon EOS 5D Mark II with 24-70mm f2.8L or Nikon D700 with 24-70 f2.8. Lens hoods for wide or standard zoom lenses can remain in position with the Pop Down extended. A DSLR with a 70-200 f2.8 attached (lens hood reversed) can also be carried while the Pop Down is extended.

Specifications:

- Part Number: 866
- ID: 7.3" W x 8-11.5" H x 5" D (18.5 x 20.3-29.2 x 12.7 cm)
- ED: 8" W x 9.5-12.5" H x 5.5" D (20.3 x 24.1-31.8 x 14 cm)
- WEIGHT: 1.1 lb (0.5 kg)

3 Digital Holster 30 V2.0:

Fits a regular size DSLR with a telephoto zoom lens attached, such as a Canon EOS 5D Mark II with 70-200 f2.8L IS or Nikon D700 with 70-200 f2.8 VR II. The lens hood on the telephoto lens can remain in position when the Pop Down is extended.

Specifications:

- Part Number: 871
- ID: 7.3" W x 11.3-14.3" H x 5" D (18.5 x 28.7-36.3 x 12.7 cm)
- ED: 8" W x 13-16" H x 5.5" D (20.3 x 33-40.6 x 14 cm)
- WEIGHT: 1.3 lbs (0.6 kg)

4 Digital Holster 40 V2.0:

Fits a pro size DSLR with zoom lens attached, such as a Canon EOS 1D Mark IV with 24-70mm f2.8L or Nikon D3s with 24-70 f2.8. Lens hoods for wide or standard zoom lenses can remain in position with the Pop Down extended. A pro size DSLR with a 70-200 f2.8 attached (lens hood reversed) can also be carried while the Pop Down is extended.

Specifications:

- Part Number: 876
- ID: 7.3" W x 8-11.5" H x 7.3" D (18.5 x 20.3-29.2 x 18.5 cm)
- ED: 8" W x 9.5-12.5" H x 8" D (20.3 x 24.1-31.8 x 20.3 cm)
- WEIGHT: 1.3 lb (0.6 kg)

5 Digital Holster 50 V2.0:

Fits a pro size DSLR with zoom lens attached, such as a Canon EOS 1D Mark IV with a 70-200mm f2.8L IS or Nikon D3s with 70-200mm f2.8 VR II. Lens hoods for wide or standard zoom lenses can remain in position with the Pop Down extended. A pro size DSLR with a 70-200 f2.8 attached (lens hood reversed) can also be carried while the Pop Down is extended.

Specifications:

- Part Number: 881
- ID: 7.3" W x 11.3-14.3" H x 7.3" D (18.5 x 28.7-36.3 x 18.5 cm)
- ED: 8" W x 13-16" H x 8" D (20.3 x 33-40.6 x 20.3 cm)
- WEIGHT: 1.4 lbs (0.6 kg)
